**Certificate in ESOL Skills for Life****Entry 2 – Reading**

Time allowed: 45 minutes

**Task 1**

Answer the questions on page 3 by using the information in the pictures, instructions and glossary.

## How to fix a chair leg

**Steps:**

1. Turn the chair upside down and place on a table. (Picture A)
2. Take the broken leg out of its hole. (Picture B)
3. Rub the top of the broken leg with sandpaper to clean off the old glue.
4. Now rub the inside of the hole with the sandpaper.
5. Clean the hole and the leg with a wet tissue.
6. Put wood glue inside the hole. (Picture C)
7. Push the chair leg back into the hole and turn it once to spread the glue evenly.
8. Clean away the extra glue with a wet tissue.
9. Hold the leg in position with masking tape. (Picture D)
10. Check the chair every 2 hours to make sure the leg is in the correct position. Take off the tape after 8 hours.
11. In 24 hours the chair will be ready to use.
